Confirmation No.: 2347

Filed: December 15, 2004

For: COATINGS HAVING LOW VOLATILE ORGANIC COMPOUND CONTENT

REMARKS

Applicants thank the Examiner for making and entering the Examiner's Amendment attached to the Notice of Allowability mailed November 1, 2005. Applicants noted an obvious typographical error in claims 14 and 15 as amended by the Examiner. As such, the "and" in line 3 of each of claims 14 and 15 has been amended to correctly recite "an."

Comments on Statement of Reasons for Allowance

Applicants also noted an obvious typographical error in the Examiner's Statement of Reasons for Allowance. Applicants respectfully submit that the second line of the Examiner's Statement of Reasons for Allowance should be corrected to recite "blending an epoxy material" instead of "blending and epoxy material." Nonetheless, Applicants respectfully submit that the allowed claims are patentable for at least the reasons recited by the Examiner in the Examiner's Statement of Reasons for Allowance.
